React.js	Tailwind CSS	TypeScript	Next.js	JWT Authentication	C++	JavaScript (ES6)		
Node.js	Express.js	Supabase	MongoDB	Docker	Postman	CI/CD	Vercel	Render

EXPERIENCE

Cybrom Technology Pvt Ltd

Software Developer | Mern Stack

On Site

Sep 2024 – May 2026

- Developed and maintained full stack web applications using the MERN stack, ensuring seamless integration between frontend and backend.
- Developed and delivered multiple business-critical applications, including Education Portals, CRM Systems, and E-commerce Platforms, supporting diverse business requirements and user experiences.
- Implemented **RBAC** and JWT-based authentication, securing access for multiple user roles, and protecting sensitive business data.

PROJECTS

EDUCATIONAL WEB PORTAL

- Developed a scalable educational web portal with a comprehensive Admin Dashboard for course creation, content management, user administration, and platform monitoring.
- Optimized website performance, SEO, and page load times, increasing organic search visibility, and enhancing user retention.
- Implemented automated lead generation workflows and email notification systems using Node.js, streamlining communication, and improving user onboarding.

CRM & TEAM MANAGEMENT PLATFORM

- Developed real-time task tracking and workflow management features, enabling teams to monitor task progress across Pending, In Progress, and Completed states.
- Architected and developed a subscription-based CRM and team task management platform using MongoDB, Express.js, React.js, and Node.js.
- Integrated Razorpay payment gateway to support secure subscription plans, payment processing, and transaction management.
